

# Thousands of German Reservists Flock to Mexico by Secret Routes to Avert Suspicion IN AUTOS AND BY TRAIN TEUTONS REACH BORDER.

**Mobilization Camps Believed to be Established in the Desert.**

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.] CHICAGO BUREAU OF THE TIMES, March 28.—Stingy, by two and three, thousands of German reservists have been moving out of Chicago and the Central Western States during the last two weeks toward the Mexican border, by routes designed to conceal their destination. Many of them have entered Mexico by way of El Paso and Brownsville. Information to this effect has been turned over to the Federal authorities by the railroad operating in the West and Southwest States. It was learned today. To avoid an appearance of concerted action and to avert suspicion, the anti-American sympathizers have selected circuitous routes interrupted by automobile trips, finally to arrive on the border and the Mexican deserts, where mobilization camps are believed to have been established. As an illustration of the methods adopted to reach Mexico without attracting undue attention, the following route is given as an example of how these reservists proceed. Two men left Chicago last week for Peoria, Ill., to which they pointed they were going. A lay-over of a day was made at the latter point when tickets were purchased for St. Louis. From St. Louis the men obtained an automobile, which carried them across the State as far as Springfield, Mo. Here tickets were purchased for Oklahoma City, where another automobile ride interrupted the rail trip. The men finally arrived at Brownsville, Tex., and crossed the Mexican border. It is explained that hundreds of others during the last few weeks have similarly reached Mexico from the United States by "easy stages." Previous to the recent war scare, less secrecy was used by these German reservists in reaching the Mexican border, but now the Federal authorities are being kept on their toes by the increased activity in preparation for war. It is known that the Chicago branch of the Federal secret service has been increased recently by about 1000 men, who have instructions to watch carefully movements of any suspicious characters. This Federal espionage has already extended to the mails as well as routes of travel.

## CHIHUAHUA PANIC ENDS AS VILLA IS DEFEATED.

**Fear of Attack upon Capital Subsides Following Rebel Retreat After Battle with Carranza Forces, Twenty Miles South—Freight Again Being Sent from Juarez. Government Forces on Way North.**

[BY A. P. NIGHT WIRE.] TARIQUE (Mex.) March 28.—Passengers arriving here by train late today reported that the fear of an attack by Villa was passing away in Chihuahua city, following the news that the rebels were in retreat. Details regarding the fighting, however, were not available. That the tension has been severe is indicated in today's issue of El Herald del Norte of Chihuahua city, which endeavors to curb popular alarm in an article which speaks of the "great alarm among the timid," but declares that persons experienced in such matters give no importance to the approach of Villa. Alarming rumors of battles were in circulation yesterday, it continues, but adds that these were mere exaggerations of the battle between advance guards, which drove the Villa forces back to their main command. The Villa forces were believed to be at Mapula, twenty miles south of Chihuahua city, yesterday by Carranza troops in command of Gen. Francisco Murguía, according to unofficial but reliable reports received here. The Carranza forces were reported to be fighting with the Villa forces in the vicinity of Mapula and the Carranza forces were reported to be in progress near there. Freight and express matter is again being sent south from here. ## GERMAN PEDDLER HELD AS SUSPECT AT EL PASO.

[BY A. P. NIGHT WIRE.] EL PASO, March 28.—Arrested on a charge of having two pairs of army shoes in his possession, Abraham Smid, a German peddler, was found to have made deposits in a local bank amounting to \$602 on October 1 and 2 and November 1. Smid has been selling cheap jewelry and souvenirs to the National Guard soldiers on the border. When arrested he could not make a bond of \$500, but the deposit slips were found in his possession. He is being held pending the investigation of Federal officials. He has been watching Smid's movements for two weeks. A Carranza Consul, Eduardo Soriano, today officially denied that any German money was used to pay Gen. Murguía's troops in Chihuahua City recently. He said a total of \$66,000 pesos had been sent to Chihuahua City from the consulate here, 300,000 pesos of which had been sent to the Mexican financial capital of Mexico City and the remainder from border customhouses and from Mexico City. ## BEYOND CONTROVERSY.

A newspaper's value as an advertising medium is measured not so much by the quantity as by the quality of its circulation. While circulation involves the character and buying capacity of a paper's readers, and means more than mere distribution. To an advertiser one reader who has purchasing power is worth a dozen who are without means with which to buy advertised articles, and, in the final analysis, it is the quality of circulation and the responsiveness of a paper's readers to the appeals of its advertising patterns that make it valuable as a publicity agent. The Times has a larger "regular carrier base" delivered circulation" than any other Los Angeles newspaper; and that its circulation has much greater buying power, and is more productive of results to advertisers, is demonstrated by the extraordinary year-in and year-out preference for it as a publicity medium by local merchants, business men and other experienced advertisers. The figures that follow tell the local advertising story for the week ending March 24, 1917:

## GERMANY THREATENS RUMANIAN REPRISALS.

[BY ATLANTIC CABLE AND A. P.] LONDON, March 28, 6:10 p.m.—An official dispatch received from Berlin today has notified the Rumanian government on behalf of the German Foreign Office that unless Rumania releases by April 1 all interned Germans, including those of military age, Germany will seize more hostages in the occupied districts of Rumania and will deport these new hostages to Bulgaria and Turkey. The dispatch adds that no reply to the demand has yet been made, but that it is not likely that Rumania will accede.

## CHINA SANCTIONS WAR RELIEF WORK.

[BY A. P. NIGHT WIRE.] NEW YORK, March 28.—Disruption of diplomatic relations between China and Germany has not interfered with the work of the International Relief Committee of the world war prisoners in Tientsin, North China, according to a cablegram received today from German Red Cross delegates here. The message sent by the committee said China officially sanctioned the continuation of the work which aids interned Germans and Austro-Hungarians. Tens of thousands of these prisoners, who are soldiers, have been helped through a distribution of about \$5,000,000 within the past two years, according to the German Red Cross delegates. The latter announced they had recently received from the Federal government an order to place a censorship on any information regarding the government's activities in preparation for war. It is known that the German branch of the Federal secret service has been increased recently by about 1000 men, who have instructions to watch carefully movements of any suspicious characters. This Federal espionage has already extended to the mails as well as routes of travel.

## "NEWS QUARANTINE" FOR RELIEF CORPS.

Men Withdrawn from Belgium are to be Asked to Submit to a Month's Delay on Continent to Avoid Fresh News from the French Front.

[BY ATLANTIC CABLE AND A. P.] THE HAGUE (via London), March 28, 10:50 p.m.—The Associated Press has been informed from an absolutely authentic source that the German government will ask American officials and relief workers of the American Commission for Relief in Belgium to submit to a period of "news quarantine" for a month to exceed four weeks, in order to prevent military information from leaking out. The time would count from the day the men lay down their present arms in Belgium to the day they depart. They will be asked to assemble at some central place, such as Cologne, Karlsruhe or Munich, which they would not be allowed to leave for a month. The "news quarantine" would apply equally to Brand Whitlock, the American Minister to Belgium, and his staff, whom the German government, since the break in diplomatic relations, has treated as prisoners of war. After the "quarantine" has ended, the men will be placed in the way of the departure of the officials and relief workers by any route they may choose.

## BRITISH SOLDIERS SING, FACING DEATH AT SEA.

**Battalion of Middlesex Regiment Paraded on Deck When Transport Strikes Mine off Southernmost Point of Africa—Rescuing Steamers Save Troops and Their Ship—Admiralty Expressed by King.**

[BY ATLANTIC CABLE AND A. P.] LONDON, March 28.—The British transport Tyndareus, with a battalion of the Middlesex regiment aboard, struck a mine February 9 off Cape Agulhas, the southernmost point of Africa. The men were paraded on deck and the roll call began to sing, while they waited for the ship to sink. The Tyndareus, however, was saved and the troops were transferred to two rescuing steamers, having upheld, as expressed in the official Admiralty report, "the cherished tradition of the Birkenhead." The Admiralty issued the following statement on the incident tonight: "The Admiralty transport Tyndareus, with a battalion of the Middlesex regiment on board, struck a mine off Cape Agulhas. A strong southwesterly gale was blowing and immediately after the ship struck the mine she began to settle by the head with propellers out of the water. "Assemble" was ordered and the men donned life belts and were in perfect order. Roll was called, and on the order 'Stand easy' the whole battalion sang to sing. "Two steamers, dispatched to the rescue, arrived on the scene within half an hour. During this trying time, although faced by the probability of imminent death, the troops maintained a steadfast courage and discipline. Never was the tradition of the British army more worthily upheld than on this occasion. "Thanks to the devotion and perseverance of the captain and the officers, the ship was saved. The troops were taken to the two steamers and taken to Simonstown. The Tyndareus subsequently returned under her own steam, with her hold flooded and another leak." "The King has graciously expressed his deep concern for the conduct of all ranks in upholding the cherished tradition of the Birkenhead."

## TWO THOUSAND VESSELS REACH BRITAIN IN WEEK.

Many Ships of 100 Tons and Over Clear and Touch at English Ports—Eighteen of Over 1600 Tons Gross, Including Hospital Steamer Asturias, Sunk—American Freighter Manchuria Arrives Safely.

[BY ATLANTIC CABLE AND A. P.] LONDON, March 28.—During the week ending March 25, 2114 ships of over 100 tons arrived at ports in the United Kingdom, according to an official statement issued this evening. During the same period 2423 vessels of over 100 tons sailed from ports in the United Kingdom. These figures are exclusive of fishing vessels and local shipping. Eighteen British merchant vessels over 1600 tons gross, including two during the previous fortnight, and the hospital ship Asturias, were sunk by mines or submarines. Seven merchant vessels under 1600 tons were also sunk. Thirteen British merchant vessels, including three during the previous fortnight, were unsuccessfully attacked by submarines. Ten British merchant vessels, including nine sailing vessels, were sunk during the same period. The Swedish bark Barden left Malmö on September 5 last for Cardiff. The vessel registered 2214 tons gross. The British steamship Roushina, from a port of Europe, was attacked by a submarine on March 25 when a torpedo blasted her stern by about 1000 tons.

## TLOYD GEORGE DECLARES FOR WOMAN'S SUFFRAGE

**Outrage not to Give Vote at Conclusion of Peace, Asserts Premier.**

[BY ATLANTIC CABLE AND A. P.] LONDON, March 28, 6:04 p.m.—T. Lloyd George made a declaration in the House of Commons today in favor of woman suffrage. The Premier said he welcomed the recommendation in favor of woman suffrage which was made in the programme for electoral reform moved today by former Premier Asquith. The other reform measures also were approved by the Premier, who said that, in the opinion of the government, it would be a national waste if the results of the conference at which the reforms were outlined should be thrown away. He favored a generous extension of the electoral franchise by reducing the property qualification for voting and by assuming the qualification of every soldier and sailor.

## RELIEF STEAMER DOCKS AT ROTTERDAM.

[BY A. P. NIGHT WIRE.] NEW YORK, March 28.—The commission for relief in Belgium announced today receipt of a cablegram stating that another relief steamer had arrived in Rotterdam, passing through the German blockade unopposed.

## APPROPRIATION IS SUNK.

BOSTON, March 28.—Sinking of the British schooner James Burton Cook by a German submarine March 10 while on a voyage from St. Johns for Spain, was reported by Capt. Snelgrove, her commander, who arrived in this country today. The six members of the crew were picked up after being adrift in a small boat sixteen hours. The ship was sunk by a German submarine in the Mediterranean in February, arrived here today.

## APPROPRIATION IS SUNK.

Mr. Becker's reply was in reply to these contentions. He asked the court to disregard the affidavits of the so-called experts, who declared the value of the land exceeded \$2,000,000 and to consider only the sworn statements of the treasurer of the company that the entire acreage at Rockaway neck was owned by the State. He asserted that the Rockaway Pacific Railroad, which had failed to show that the \$1,000,000 appropriation made by the State was inadequate, was served by the court.

At the present time the press is interested in the possibilities of China entering the war. The political crisis at home and especially in the projects to establish co-operation between Americans and Japanese in the development of China. The newspapers published lengthy dispatches from the United States narrating the developments of the Oregon and Idaho legislation, but only a few of them published editorial comment.

## GERMANS YIELD MORE VILLAGES TO BRITISH.

**Cavalry Employed with Success in Open Warfare in France.**

[BY ATLANTIC CABLE AND A. P.] LONDON, March 28, 1:13 p.m.—Summarizing the progress of the British forces in the past twenty-four hours, the Reuters correspondent at British headquarters in France mentions the capture of the villages of Guncourt and Villers-Faucon, and says: "Taking the line between Longuevillers and Equeaucourt as representing our progress Tuesday morning, this means that we pushed forward some 3000 yards. This does not mean, however, an advance of the whole British line. In the present phase there is no continuous front line, but rather a succession of posts and patrols all in touch with each other, but varying their positions from time to time as the opportunity offers for pushing on."

## GERMANS YIELD MORE VILLAGES TO BRITISH.

"Equeaucourt was captured by a single squadron of cavalry, its garrison captured and the town was taken without opposition. The Germans then fled, leaving a trail of destruction behind them. The British cavalry then moved on to capture the village of Villers-Faucon. The Germans then fled, leaving a trail of destruction behind them. ## FINE FOR FAKE MEXICAN DOCTOR.

[LOCAL CORRESPONDENCE.]  
COLTON, March 28.—The get-  
rich-quick operations of "Dr."  
Dominguez, as he is known among  
the Mexican population here, were  
rude interrupted today when he  
was charged with peddling without  
a license and fined \$50. His scheme  
came to light when, after selling  
two bottles of patent medicine to  
a fellow-countryman for \$8, he  
returned and endeavored to extort  
more money from her. The medi-  
cine had been purchased for \$1.25  
at a local drug store and "doctored"  
up. It incidentally had made the  
woman ill.

## NEW CHEMISTRY TEACHER FOR THROOP.

## L.W.W. AGITATORS BATTLE WITH TROOPS.

[BY A. P. NIGHT WIRE.]  
KANSAS CITY (Mo.) March 28.—  
Seventeen members of the World  
Workers of the World were  
fined \$100 and \$200 each in the mu-  
nicipal court today, but stays of ex-  
ecution were ordered, provided they  
would leave the city. The men were  
arrested last night following a riot  
in which they had been engaged in  
recruiting detail of the Third Missouri  
infantry, which had become incensed  
at anti-enlistment speeches and lit-  
erature attributed to some of the  
organization leaders.

In filing them, Judge Coon said  
there was no room in Kansas City  
for men who did not stand behind  
the army in the present crisis.

DEBATE AT ALBANY.  
[BY A. P. NIGHT WIRE.]  
ALBANY (N.Y.) March 28.—After  
a stormy debate the Assembly to-  
day adopted a resolution favoring  
universal military training and serv-  
ice as outlined in the Chamberlain  
bill, which was before the last ses-  
sion of Congress.

A bill to provide for the taking of  
a war census in this State under the  
direction of Gov. Whitman and car-  
rying an appropriation of \$150,000  
was taken here at a meeting at the  
Assembly today without opposition. It  
now goes to the Governor.

[BY A. P. NIGHT WIRE.]  
DENVER, March 28.—The ap-  
pointment of Maj. Gen. Frank D.  
Baldwin, U.S.A., retired, as ad-  
jutant-general of the Colorado Na-  
tional Guard, effective April 1, was  
announced by Gov. Julius C. Ror-  
er today in his programme for pre-  
paring the National Guard for war.

The appointment of Gen. Rorer  
was made possible by a special act  
passed at the recent session of the  
Legislature.

Gov. Gunter plans to fill imme-  
diately the ranks of the National  
Guard units to authorized war  
strength. He has issued orders to  
be called only in case of actual hos-  
tilities, also is considered. Gen.  
Baldwin is expected to arrive in  
Denver this week from Los An-  
geles.

ADDRESS TO IOWANS.

## WOMEN EAGER AS RECRUITS.

Two for Every Man Seek to  
Join Marine Service.

Universal Military Service  
Favored in New York.

Iowans Urged to Co-operate in  
Feeding the Hungry.

[BY A. P. NIGHT WIRE.]  
NEW YORK, March 28.—Patri-  
otic women were much in evidence  
here today in the campaign of re-  
cruiting for the navy that is now  
in full swing all over the city. Women  
of social prominence, speaking  
from automobiles to noon-hour  
street gatherings, urged young men  
to respond to the call of their coun-  
try. Other women, employed as  
clerks and stenographers, tendered  
their services gratis to the regular  
recruiting officers, volunteering  
heartily to perform any work that  
results will do so, particularly  
in connection with the navy.

From all regular and emergency  
stations a steady increase in the  
number of applicants for enlistment  
was reported.

Two women for every man ap-  
plied for enlistment in the United  
States Marine Corps in the last  
week, according to Capt. Frank E.  
Evans, in charge of recruiting here.  
Several of the women applicants, he  
asserted, wanted to be detailed to  
battleships.

"It was difficult to convince them  
that women are not permitted to  
serve in any capacity on warships,"  
he said.

A recent ruling of Secretary Dan-  
iels provides for the enlistment of  
women to fill clerical positions only.  
Five hundred members of the  
New York Southern Women's Patri-  
otic Committee went on record to-  
day as favoring universal service  
for women in "treating the wound-  
ed, cheering the sorrowful, and as-  
sisting the country in any way pos-  
sible that it become involved in war."

## THE CITY AND ENVIRONS.

### EVENTS BRIEFLY TOLD

#### Meeting Postponed.

The meeting of the Northwest Civic Center, which was called for tomorrow night, has been postponed until Friday, April 27.

Police Justice Richardson will speak at a meeting of the Optimist Club, at noon today at Jahke's Tavern, on "Should the Suspended Sentence be Abolished?"

For Members.

Helmet Lodge, No. 25, Knights of Pythia, will give a surprise entertainment for members, tomorrow evening, in Castle Hall, No. 108 North Spring street.

Professor to Speak.

City President Williams will speak on the work of his office tomorrow evening before the sociology and economics classes of the McKinley Evening High School, corner McKinley and Vernon avenues.

Against Cigarettes.

Manfred P. Welcher, field secretary of the Anti-Cigarette League of America, will speak on "The Cigarette and Its Menace," in the Whittier Congregational Church, this evening.

On Timely Topic.

Theodore F. Joseph, traveler and lecturer, spoke in the Magnolia avenue Christian Church last evening on "The Advance of International Brotherhood through the Russian Renaissance."

Under Church auspices.

A program of music, under the direction of Mrs. Florence Schultz, will be given in Blanchard Hall, tomorrow evening, under the auspices of the Church of the People. Dancing will follow.

Take All Characters.

"How to Make a Million Dollars in a Year" is to be the subject of a reading taken from the play, "The Fortune Hunter," by Paul Blackwell, the Boston impersonator, at the Y. M.C.A. tonight. He will impersonate all the characters in that production.

Evolution of the Slogan.

The Los Angeles Transportation Association will have a luncheon at noon tomorrow, with H. P. Anselmi, general freight agent of the Santa Fe Railroad, as chairman of the day. Dr. Washington Gladden will speak on "The Evolution of the Slogan."

Kansas Picnic.

An all-day picnic reunion will be given Saturday, April 7, at Brymore Grove, under the auspices of the Kansas Society of Los Angeles. There will be a picnic program, with music and greetings from Kansas speakers. Secretary R. V. Kaskade says the main object is to have a good time.

New Englanders to Meet.

The annual meeting of the New England Society of Southern California will be held in the Times Assembly Rooms at 7:30 o'clock tomorrow night. Officers will be elected, general business transacted and there will be a pleasing program and social entertainment.

Mr. Roberts Recovering.

Mr. F. G. Roberts, editor of the Long Beach Telegram, is recovering from a serious surgical operation at the Clara Barton Hospital. He has been in the hospital four weeks and has suffered greatly, but is now in an excellent condition and good spirits.

Vermont Banquet.

Judge Paul Shank was toastmaster at the banquet of the Vermont Society of Southern California held last night in the Sierra Madre Club. Other speakers included Col. A. J. Holabird, Dr. Norman Bridges and Will Gould. Miss Dorothy Beach sang, several songs, and Hawaiian musicians furnished other music.

On Missions in China.

Miss Ruth Paxson, who has just returned from China, where she was traveling student secretary for the Young Women's Christian Association, will speak at a special mission meeting at the local association, this evening. The rooms of the association building will be decorated with Chinese banners and flags for the occasion.

Fraternity Banquet.

The alumni of the college fraternity of Phi Delta Theta will hold the twentieth annual informal staff dinner at the University Club Saturday night. The seventy-ninth anniversary of the founding of the fraternity will be celebrated. This important college and university in the United States is expected to be represented. Following the dinner a varied program will be given.

At Settlement House.

The Mothers' Round Table of the First Presbyterian Church of Hollywood met yesterday afternoon at the Los Angeles Settlement House with mothers of Italian, Mexican and Syrian birth. Talks were given by Mrs. T. L. O'Brien, president of the Settlement House Association, Dr. Nina Stevens and Mrs. Margaret A. Langhorne. Fifty were present. The pupils of the Mexican school danced and refreshments were served.

Annual Church Meeting.

The congregation of the First Presbyterian Church held their annual meeting last night in the church, at Twentieth and Figueroa streets. It was the sixth such meeting to be held since the coming of the Rev. Edward Campbell as pastor of that church. The meeting was an enthusiastic one and largely attended. The reports showed that during the past year the church and its affiliated branches have grown appreciably. Rev. Mr. Campbell presided.

At Huntington Park.

The Woman's Improvement Club, assisted by the Chamber of Commerce of Huntington Park, will hold a home products show on this and tomorrow afternoons and evenings in the Woman's Club House on Pacific boulevard. The object of this enterprise is to acquaint the public with the growing manufacturing and mercantile life and activity in this rapidly increasing industrial section. Between twenty and thirty industrial manufacturing concerns have located in this bustling suburb within the past three years. It is expected that every one will be represented. Several Los Angeles firms will also have displays.

MINE FIRE HALTS WORK.

(BY A. P. DAY WIRE.)

## "FLIVVER" WORM TURNS AT LAST.

### Collides with Street Car, Wrecks It and Proceeds Merrily on Its Way.

As a rule, when a "flivver" comes in contact with a swiftly-moving street car, the inspector hunts about the debris and finds the license plate so that the owner can get his insurance.

Last night the worm turned. Wandering up the street, a sprinkler made the going extra hazardous for "flivvers."

Came Charles Elliott of South Alvarado street, brakes set, but all gear in high. But when the "flivver" hit the street car, instead of the street being strewn with tin, cast iron and near leather, the "flivver" went merrily on its way while the luckless street car was minus all movable parts.

So slightly injured was the "flivver" that the driver did not even stop to get the number of the car he "wrecked," thereby saving some insurance company many dollars and earning much profanity among the long-suffering inspectors, motormen and conductors.

Thus testify the records at police headquarters.

See the Light.

COMPULSORY DRILL PLAN IS FAVORED.

PATRIOTIC MASS MEETING AT NORMAL HILL.

Under auspices of Million Club, Spirited Assemblage Hears Vital Subjects Discussed and Heartily Applauds Demands for Universal Military Training.

Universal compulsory military training was the theme of an address delivered last night by Maj. Robert Mann Woods of Illinois at the patriotic mass meeting held at Normal Hill Center under the auspices of the Los Angeles Million Club. More than 150 persons were present and heartily applauded the speakers.

Maj. Woods dwelt on the insult and injury to the American flag when Germany torpedoes the Lusitanian, and to the American people who wince at that insult. He urged that every American citizen, whether he be a soldier or a civilian, should demand that he work in behalf of compulsory universal military service.

Mr. Woods said that the man who said the government depends on the last resort. "We don't want to send our men across the waters until we have them well drilled, but in six months' time we will have the best-drilled armies in existence. We can drill them much quicker than soldiers in Russia and other Slavic countries."

The order of Gen. Frank C. Prescott, who spoke on "Recovering the Seventh Regiment of the California National Guard," brought forth repeated applause.

Capt. Randolph Huntington Miner spoke on the practical things to do in case of war, and appealed to the people to assist the American Red Cross in its humanitarian work. He told in detail some of the way in which every American man, woman or child can do their "bit" for their country.

Prior to the mass meeting James Edmunds, superintendent of the so-called municipal fish market, made a lengthy talk and when he brought in politics, denouncing the candidacy of Neil P. Olsen for Councilman.

Mr. Edmunds apologized and left. Counting on the speaker, Mrs. Joseph Zukerman of the Musical Matinee Club, in singing the Star Spangled Banner. Stella Fowler and Mrs. J. H. Varian also sang patriotic airs.

At Settlement House.

The Mothers' Round Table of the First Presbyterian Church of Hollywood met yesterday afternoon at the Los Angeles Settlement House with mothers of Italian, Mexican and Syrian birth. Talks were given by Mrs. T. L. O'Brien, president of the Settlement House Association, Dr. Nina Stevens and Mrs. Margaret A. Langhorne. Fifty were present. MINE FIRE HALTS WORK.

(BY A. P. DAY WIRE.)

SALT LAKE CITY, March 25.—Twenty miners were overcome and 450 men were thrown out of work as the result of a fire in the Bingham copper mine at Bingham last night. Spontaneous combustion is believed to have been the cause. The damage is estimated at \$50,000.

## DOES RHEUMATISM BOTHER YOU?

Many Doctors Use Musterole

So many sufferers have found relief in Musterole that you ought to buy a small jar and try it with the fingers. Just spread it on with the fingers. Rub it in. First you feel a gentle glow, then a delicious, cooling comfort. Musterole relieves the twinges, loosens up stiffened joints and muscles. Musterole is a clean, white ointment, made with oil of mustard. It penetrates to the seat of pain and drives it away, but does not blister the tenderest skin. It takes the place of the musky, old-fashioned mustard plaster.

Musterole is recommended for bronchitis, croup, asthma, pleurisy, lumbago, neuralgia, sprains, bruises, stiff neck, headache and colds of the chest (it often prevents pneumonia).

WHY SOCIETY WOMEN WASH THEIR OWN HAIR

They do not, because it is a fact, but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. They have found that in washing the hair it is never wise to use a makeshift but is always advisable to use a preparation made for shampooing only. Many of our friends say they get the best results from a simple home-made canthox mixture. You can use this at a cost of about three cents a shampoo by getting some canthox from your drugist, and dissolving a teaspoonful in a cup of hot water. This makes enough shampoo liquid to apply to all the hair instead of just the top of the head, as with most preparations. Dandruff, excess oil and dirt are dissolved and entirely disappear in the rinsing water. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you.

STARS PARADE.

Thousands of Crown City Folk Have Patriotic Meetings.

More than 5000 citizens of Pasadena turned out at a patriotic mass meeting held last night in Library Park and listened to Col. Charles F. Hutchins, commanding Seventh Regiment, N.C., berate them for not supporting Co. I in a better manner, so vigorously and well did Col. Hutchins speak that the last of the meeting many of those present signified their intention of either enlisting or aiding the company in a financial way.

The evening opened with a parade through the downtown streets. The parade, headed by a band, and containing in its ranks thousands of patriotic citizens, wound through the city to the downtown district toward the park. At the park Col. Hutchins for half an hour told those assembled that patriotic and loyalty mean.

Mexican Consul Pesquera, Soon to leave this city.

## HIGH-EXPLOSIVE BOMBS, SUSPECTED GUN BASE FOUND; VOLUNTEERS CALLED.

**FOLLOWING** are yesterday's principal developments in the international situation as regards Los Angeles:

Six dynamite bombs and a quantity of powder were found hidden in furniture at Venice.

A well-known citizen, not given to undue alarm, reported to the Federal authorities the presence of a huge concrete foundation on a height overlooking the city where no apparent need for such a structure exists.

It is to be removed to another point. Acting upon what he believes to be reliable information regarding German military activities in Mexico, Chief of Police Butler called for 10,000 volunteer home guards for Los Angeles, munitions to equip them and for a large number of motor trucks.

The purchasing agent of a large local furniture house yesterday turned over to the police six dynamite bombs and a package of powder, the latter estimated at six pounds. All of the bombs were loaded and with the other explosives had been secreted in a place of furniture at Venice. The discovery was not made until the purchased articles were being overhauled here.

Chief of Police Butler at once submitted the deadly combination to Special Agent Blanford of the Department of Justice. One of the bombs was opened, after being immersed in water. The others will be exploded today. A sample of the explosive was given to a local dealer in arms, who pronounced it in prime condition. An investigation of the bombs and their origin is now under way. Mr. Blanford is of the opinion that this will not necessarily be a Federal one.

**CONCRETE BASE.**

One of Los Angeles' most substantial citizens reported to Mr. Blanford the presence in the western part of the city of a peculiar concrete foundation—one such as were secretly built as bases for the giant German guns that later demolished the forts in Belgium. The foundation is on a site overlooking the city. A small cottage has been erected on the concrete base, the Federal agents are informed, but not by the man who formerly owned the bungalow could not be located. The owner of the site is an ardent German sympathizer.

**PESQUERA TO GO.**

The Mexican government is about to remove Consul Jose J. Pesquera, local representative of the Carranza administration, to some other city. Consul Pesquera did not care to discuss the matter at length yesterday. He admitted, however, that he expected to leave Los Angeles soon for some other post. This did not did the question of how he could sell his automobile, recently purchased. "I see, with us we are here to-day and some place else tomorrow," he said. "The changes do not signify anything."

Consul Pesquera succeeded Enrique A. Gonzales last November when Mr. Gonzales was ordered to Havana, Cuba, as Consul-General. If Vice-Consul Ferdinand Lobe will be transferred.

**CHIEF ACTS.**

Acting upon information obtained through a large property-owner in Mexico that German military officers are preparing Mexican soldiers in Mexico for hostilities against the United States, Chief of Police Butler yesterday took steps to organize a home guard for the protection of Los Angeles.

Four hundred regulation army rifles, 10,000 volunteers, 500 motor trucks and several machine guns were asked by the Chief. Immediately upon receipt of the request Mayor Woodman telegraphed that 400 new Springfield rifles and 400 new Springfield rifles were sold to the city. The City Council will appropriate a sufficient sum for the purchase of the rifles if they can be secured.

If the army rifles cannot be secured the city will purchase whatever local arms are available, according to Chief Butler. Yesterday morning he personally visited the managers of large hardware concerns and asked them to forward immediately to City Purchasing Agent Baker a list of rifles and of ammunition of a stated caliber in their shops. From this list the volunteers will be equipped. They will be formed into companies and drilled by officers of the regular army and by members of the police department.

"There are several thousand Mexicans in this city and while I do not question their loyalty I am making every effort possible to protect Los Angeles and its surrounding territory," said the Chief.

**WIDE RAMIFICATIONS.**

"The ramifications of German activities in this country and Mexico are much greater than the average man is aware of. From a Federal agent, who is high in the government service and has returned to this country in the last few days, after some time spent in Mexico, I have learned that Mexican soldiers are being prepared for a possible outbreak with this country. It is my duty as an American to do all I can to aid in protecting America, and I am asking for men, guns and automobiles to transport them, should there be any trouble in this city."

**THE CALL.**

The call issued by Chief Butler is as follows: "I want 10,000 men who possess rifles and who can and will respond to the call."

## MARTIAL MARCH TO AROUSE CITY.

Arrange Military Parade as Well as Mass Meeting.

Crisp, Ardent Speeches will Mark Gathering.

Bands and Silver Tongues to Animate Loyalty.

A military parade as well as a mass meeting will be held on Saturday to assist in animating the loyalty which Los Angeles people feel for their country and to give an impetus to the recruiting now going on in all arms of the service. A meeting of motion-picture people was held at Hollywood last night to arrange for a large delegation of actors to march in the parade. All the military and naval organizations will be represented.

It is expected that men from the United States Army and Navy will march. The National Guard will have an imposing turnout. The parade will take place in the middle of the day and will be an inspiring prelude to the great mass meeting to be held in the Shrine Auditorium Saturday night.

### SILVER-TONGUED SPEAKERS.

A definite programme of speakers for the mass meeting was outlined yesterday at the luncheon of the Arrangement Committee, headed by Dr. Norman Bridge. Some of the best speakers in Southern California will deliver addresses not to exceed ten minutes. Loyalty will be the watchword.

Dr. John Willis Bear, George R. Patton, E. G. Judah, Joseph Scott, Mrs. W. C. Tyler, president of the Woman's Democratic League, and several other orators will be heard in addition to Mayor Woodman and Gov. Stephens, if the latter can be present.

### GIFTED ORATOR.

Lieut. J. Calhoun, one of the most gifted orators among the navy officers in Southern California, who is in command of the U.S.S. Farragut, will tell of the needs of the naval arm of the service and also some of the benefits any young man can get from such service. Lieut. Calhoun is a member of the National Guard, N.G.C., of the Seventh Regiment, N.G.C., will discuss the militia requirements. An army officer will also speak.

The undershirt will be done by soldiers, who also will give several drills. Military bands will play during the intermissions and prior to the opening of the meeting at 8 o'clock it is planned to have William Farnum deliver "The Flag Goes By," a stirring poem by H. Bennett which appeared recently in the Youth's Companion.

### BIG CHORUS.

A big chorus of trained voices will be located on the stage to sing a number of patriotic airs and the immense audience which is expected to be invited to join in the singing. In the lobby of the auditorium will be booths of the army, navy, Naval Militia, Red Cross and other national protective organizations. Another meeting of the General Committee is to be held at noon today in the grill of the Broadway Department Store. Further plans will be perfected by that time and will be reported on.

J. H. Bean, president of the Builders' Exchange, appointed a special committee yesterday to secure a full representation of builders and their employees at the mass meeting. The exchange contingent will meet at West Jefferson street and Grand avenue at 7 o'clock and march to the auditorium, headed by a band. It is expected that 1000 or more men will be in line.

### City Act.

#### KEEP PLACES OPEN.

Council Adopts Resolution Assuring Municipal Employees who May Enlist that Positions will be Ready for Them upon Their Return.

Acting upon a recommendation made by Mayor Woodman, the Council yesterday morning passed a resolution providing that city employees who enlist in the service of their country will have their places in the city employ kept open for them.

In his communication to the Council, the Mayor said:

"Those companies of the National Guard of California located in Los Angeles are likely to be called upon for active service. The Los Angeles companies are not filled to their maximum strength. A call has been issued asking business houses of the city to encourage enlistment of their employees, and I believe the city should be one of the prime movers in this matter.

"I therefore recommend that your honorable body pass a resolution stating that employees who enlist in the service of their country have their places in the city employ kept open for them."

### A Regiment.

#### FOR EX-SERVICE MEN.

Veterans of Spanish-American War, Philippine Insurrection and Boxer Uprising Make Further Plans to Form Military Body.

Veterans of the Spanish-American, Philippine Insurrection and Boxer wars met again last night at the Bolo Club and took action toward organizing a volunteer regiment of veterans.

The meeting passed unanimously the resolution to organize such a regiment. Col. Cassius M. Moses, who presided, then appointed a committee to perfect plans. This committee was composed of Col. A. W. Bradbury, chairman; Col. B. H. Cook, Col. C. M. Moses, Capt. R. A. Preston, E. T. McLean, Dr. Howard

## WHERE TO GO TO ENLIST.

Central Recruiting Station, in Douglas Building, Third and Spring.

Central recruiting headquarters have been opened at Third and Spring streets, ground floor of the Douglas Building. Enlistments in any branch of the service are received there. All able-bodied male citizens between the ages of 18 and 45 are eligible. Sergeants representing the different companies of the Seventh Regiment, National Guard, Coast Artillery, Engineering Corps, Cavalry, Machine Gun Company, Hospital Corps, Naval Militia, Motor Reserve, Ambulance Corps, United States Marines, United States Navy, United States Army and Officers' Reserve Training Corps are ready to receive your name there. Motor service is provided to carry recruits to the regimental headquarters at the Army.

W. Seager, James M. Sheridan, Maj. D. R. Welles and Col. Arthur Williams, U.S.A. (retired).

This committee will meet at the Bolo Club tomorrow noon, when the leaders of the units of the proposed regiment will be announced. Another open meeting of the veterans will be held Monday evening. All veterans are requested to attend. Capt. R. A. Preston has been appointed in charge of an information bureau and will answer all queries at the Bolo Club, Tafo Building, from 9 o'clock in the morning until 10 o'clock at night. He will also receive and list all applicants who desire to join the regiment.

### Patriotic.

#### BEACH CITIES STIRRED.

Venice and Santa Monica to Hold Great Mass Meeting at Ocean Park Plaza Tonight—Activity in Recruiting for Co. E.

A call has been issued by Mayor S. L. Berkeley of Santa Monica and Mayor J. J. Lewis of Venice for a great "patriotism and preparedness" mass meeting tonight at the Ocean Park Plaza. All patriotic citizens of the beach cities are urged to attend. The call is also endorsed by all the commercial and civic bodies of these towns, and neighboring towns and cities are invited to participate in the demonstration. Capt. H. J. Simon of Co. E, Seventh Regiment, National Guards, yesterday reported activity in recruiting for this company. A recruiting office has been opened on the ocean front at Ocean Park and another will be opened at Venice. It is expected the company will be recruited to full strength within a short time.

### Mariners.

#### MEN WILL RESPOND.

Belief Expressed at Harbor that Navy's Call for Men will be Answered by Sailors of Merchant Marine and Fisheries.

That men from the merchant marine and fishermen will respond to the call for recruits for the navy was the belief expressed last night by Andrew Furuseth, father of the Seaman's Act, who paid a hurried visit to Los Angeles Harbor.

"I believe we should have a navy and men to man our ships," he said. "Enlistment is a matter that rests with the individual, but I believe the American sailor will respond to the need of men at this time. Every day the world is manned largely by men recruited from the merchant marine and fisheries. No country could do without a merchant marine."

### CANNOT COMPLY.

#### Impossible to Mobilize Brigade of Infantry at Harbor.

Maj.-Gen. Bell, U.S.A., commander of the western department, with headquarters at San Francisco, telegraphed the San Pedro Chamber of Commerce yesterday that it will be impossible to mobilize a brigade of infantry at the harbor. The telegram was in response to one sent by the Chamber of Commerce, the San Pedro Defense League and Mayor Woodman. The reply read:

"On account of wide dispersion of places of national importance requiring protection, impossible to comply with your suggestion."

### FOR RECRUITS.

#### Naval Militia will Give Dinner Tonight at Armory.

The officers and men of the Naval Militia will give a dinner tonight at the armory in honor of the recruits whose enlistments have been the result of the campaign made by the Practical Patriot's League. More than 400 uniformed naval militia men will be in attendance. A patriotic programme will be given, provided through the co-operation of the entertainers at the leading cafes and motion-picture stars.

The dinner will be followed by a smoker, when plans for obtaining additional recruits will be made. It is proposed to place six divisions, fully recruited, at the disposal of the government, in the event of a call for service.

### FATHER OF EIGHT

#### ON THE ROCK PILE.

[LOCAL CORRESPONDENCE] REDONDO BEACH, March 20.—Anton Lopez of No. 404 Garnet street was arrested today after a complaint had been filed by his wife for nonsupport. He is now serving time on the rock pile. He has eight children and a wife and has not supported them for the past year. Matrons of this city have donated food and clothing for the little ones.

## EAGERLY MEN ANSWER CALL.

National Guard Recruiting is Beyond Expectations.

Enlistment is Stimulated by Novel Office on Wheels.

Seventh Regiment Commander Arouses Jovian League.

Recruiting of the National Guard units in this city progressed so expeditiously and efficiently yesterday that at a late hour last night officers in charge of the work announced they have every expectation of raising each branch of the service to more than required was strength before the end of the week. All day and far into the evening the recruiting headquarters at Third and Spring streets was besieged by crowds of men eager to offer their services to their country as guardsmen, and at no time during the day were the military and volunteer civilian physicians idle, so many were the examinations necessary.

Even the most optimistic of National Guard officers who, prior to the recruiting campaign, announced their belief that a full quota might be raised from this city, are finding their expectations more than fulfilled. The prospect of a real war with the world's greatest military power, has apparently aroused the men of the city to the realization that the country needs their services. And, as is inevitably the case with Americans when a crisis comes, they are more than ready and anxious to be there when trouble starts.

### A NOVEL CAMPAIGN.

A novel campaign to secure recruits was launched yesterday when officers of Battery A, First California Field Artillery, N.G.C., assisted by noncommissioned officers of the United States Army, opened a recruiting office on wheels. The real work of enlisting men will begin today, yesterday having been given over to advertising the "portable recruiting station." It is the plan of Battery A to enlist men until the company has reached the full war strength of 174 men and five officers. There are only 131 men at present.

Walter P. Story, a member of Battery A, has set apart handsome recruiting offices in the Story Building, which he has offered to his country from coast to coast. The plan of the Moreland Truck Company has lent a truck for several weeks for the purpose of recruiting on the streets and the police department has granted the company leave to stop anywhere on the streets as long as it chooses in securing recruits.

On the truck is a desk and the full recruiting staff. Following this, to inspire patriotism, is a modern three-inch field gun and another will be opened at Battery A will parade on horseback and will carry with the portable recruiting station all kinds of army facilities. Capt. James McComas is in command of Battery A and is assisted by Sergeants Paul S. Selim, George Finney and Perkins, U.S.A.

### GUARANTEE POSITIONS.

Col. Charles F. Hutchins, commanding the Seventh Regiment, N.G.C., made a stop yesterday to the business men of Los Angeles for their moral and substantial support in recruiting the regiment to its full strength. He was one of the chief speakers at the "Military Day" luncheon of the Jovian League held at Jahn's last night.

His subject was "Military Possibilities in Los Angeles." Col. Hutchins said the regiment is short 700 men and these must be recruited at once or the organization must be rejected. He stated that the business men could do much by guaranteeing to keep open the positions of men who enlisted and by undertaking to make the men's dependents the difference between the army pay and that which the service man could earn were he at home.

Dr. Charles W. Decker, major of the Medical Corps of the National Guard, and president of the National Guards Association of Southern California, spoke along the same line.

### MOTOR VEHICLES PART.

Watt L. Moreland, who was scheduled to speak on "Highway and Motor Vehicles in Pacific Coast Defense," was unable to be present, but his place was taken by Will R. Forker of the Moreland company. Mr. Forker gave many interesting facts regarding the part the motor vehicle has played and is playing in the European war.

Col. Harry B. Light spoke of the Coast Artillery and said it is in good condition, fairly well equipped and efficient. He added his plea for aid in securing recruits for the Seventh Regiment.

### EXPLOSION'S CAUSE.

Union Oil Company officials said last evening that the cause of the hitherto unexplained explosion of a tank of gasoline on a truck at Sixth and Mateo streets, Tuesday, was a hercynite lamp in the hands of the truck's driver, E. B. Merritt. Merritt is recovering from his burns.

### MOTOR RESERVES

#### IN HOLLYWOOD.

Business Men Organize for Service, with Many Machines Listed.

Hollywood business men, under the leadership of J. D. Wilcox, former president of the Board of Trade, yesterday organized a motor reserve, with thirty-six automobiles, four trucks and three motorcycles listed.

"This is just a starter," said Mr. Wilcox. "We want to get every machine owner in Hollywood interested. We mean business. This is no time for shirking, or for putting off to tomorrow what should be done today."

## ASKS MILLION FOR FAMILIES.

Chamber of Commerce Favors State Aid for Dependents of Enlisted Men.

The directors of the Chamber of Commerce yesterday went on record in favor of a \$1,000,000 appropriation by the State Legislature for the express purpose of providing relief for families of enlisted men.

They also requested that provision be made for the State to pay the wages of its men promptly to avoid the long waits enforced during border service, the State to be reimbursed later by the Federal government.

In the hope of getting a better deal for the soldiers the directors sent the following resolution to President Wilson and Congress:

Resolved, by the Los Angeles Chamber of Commerce, That we urge the President and Congress of the United States to make such a substantial increase in the pay of officers and enlisted men of the naval and military services that the same may be an adequate basis of remuneration, in view of the fact that their labor is entitled to as much consideration in the open market as supplies and munitions of war.

### High Explosive.

at a moment's notice for duty as home guards, to protect property and repel invasion, if the necessity should arise, to forward their names to me by mail at once.

"Give telephone number and street address, age, detailed account of military service; where, in what branch, rank, when discharged, present occupation, and state whether single or married."

The call for motor truck owners who are willing to furnish their machines to transport men and for such other work as may be necessary is as follows:

"I want the names, addresses and telephone numbers of 500 truck owners who will volunteer the use of their trucks and services of drivers at a moment's notice should it be required, to transport men, supplies, etc., in case emergency should arise."

"Forward name and address by mail at once, together with information as to make and capacity of truck."

"I am making this appeal through the press," said Chief Butler yesterday, "as I have no funds at my disposal to offer otherwise to the men, whom I feel will be necessary for the safety of the city in the immediate future."

### WEIGHTMAN READY.

Among the first to answer the call was William Weightman, the millionaire Virginia sportsman who is now a resident of Los Angeles. Mr. Weightman called on Chief Butler and offered his entire organization to the police department for immediate call. His fleet consisted of seven automobiles, five of them being touring cars, and two racing machines which could be used for scout or dispatch duty. Weightman offered to personally drive one of the latter and in addition stated that he would equip the organization with needed arms and ammunition.

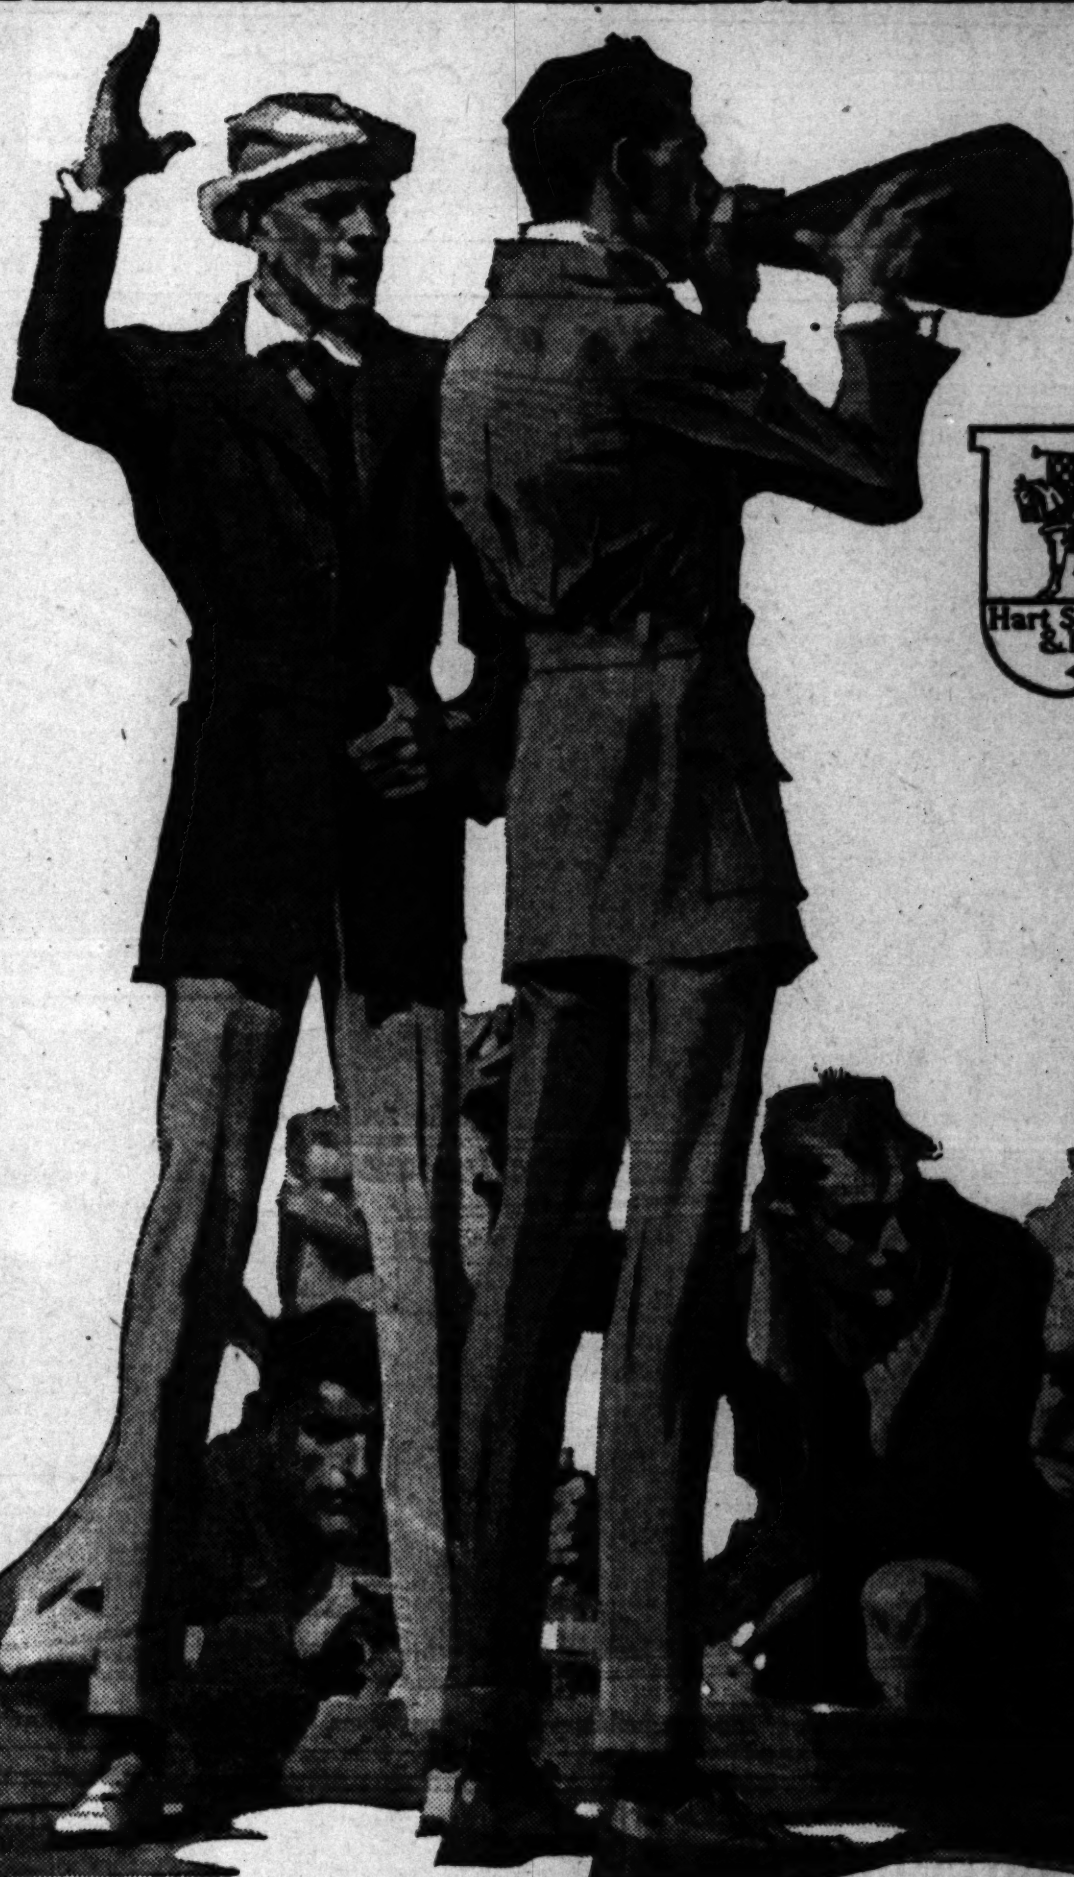

Eddie Rickenbacker, star racing driver of Weightman's stable, will arrive in Washington today to offer his services to President Wilson in the event of war with Germany. Rickenbacker, who is a native of Switzerland, notwithstanding the German name, plans to enter the aviation corps.

The Council yesterday approved Chief Butler's request for an unlimited number of special officers and agreed to appropriate funds to pay for 200 extra officers at \$1.50 per day.

### MAKE RICH HAUL.

#### Two Robbers Badly Bent Saloon-keeper and Rife His Clothes.

As William H. Bull, a saloon-keeper of No. 723 South Main street, stepped out of his private garage at Thirty-first and Main streets late last night he was attacked by two bold highwaymen who beat him about the head with hammers. They rifled his clothes of a \$200 diamond ring, a gold watch, \$10 cash, and a \$125 check. At the receiving hospital Mr. Bull's wounds were treated and although he is seriously injured he will recover.

Merritt, Citrus Demon, will not Appear.

Coaches Put Men Through a Few Easy Paces.

BY WARDE FOWLER.

The two mysterious athletes who failed to sign up for the Southern California intercollegiate track and field meet...

Van Sant, the demon sprinter of Santa Monica High school...

But the list of entries came out and Van Sant's name was not among those present.

Manager Van Patten frownedly eyed the post mark...

As a result Van Sant will furnish one more reason for the lengthy list of talent lined up for the hundred and 200-yard dashes.

Merritt, the all-around athlete of Citrus Union High school...

GOOD.

This young man is a demon in the pole vault, discus throw and the hurdles and thinks nothing of winning four firsts for his alma mater.

Practically every one of the thirty-five coaches interested in this big tournament had their men out for a little while yesterday afternoon.

Not a few star athletes went through preliminary workouts.

Special efforts are being made to handle the tremendous crowd that will journey to Long Beach Saturday to witness the feature meet of the season.

A small stand, seating about 500 people, is being constructed on the field for the use of coaches and athletes.

In this way, all athletes not actually taking part in an event will be required to remain in the stand.

This will eliminate the small army of spectators who usually litter the track field. Officials and competing athletes will be the only ones in sight.

AT 2 P.M.

The first event is scheduled to start about 2 p.m. All heats in the races will be run in the morning. The call for the finals in the half-mile will be at 10 o'clock.

### CATCHER M'KEE IS PURCHASED.

SACRAMENTO, March 28.—Harry Wolverton announced tonight the purchase of Catcher McKee from the Detroit Americans...

McKee has been with Detroit for four seasons. The records do not show he is a heavy hitter...

The new backstop originally hailed from Indianapolis in the American Association.

It also means both Louis Repulveda and Charlie Hall of Marysville will be sent elsewhere as it is the intention to use but two catchers during the season.

According to the manager, both these men will be placed with other clubs.

Excellent times should be stacked up all the way through.

ALL SETTLED.

There was a little trouble started when it was discovered that some of the men in the slush-grade relay race over sixteen years of age...

Most of the coaches will spend today and tomorrow giving their athletes chalk talks and thrashing over the chances.

Matters will remain calm and placid until Saturday.

The County Commissioners of Grant county, New Mexico, have made arrangements to turn over to the State highway department \$4000...

With the \$10,000 left in the Silver City-Tyone fund, will be expended by the State Engineers on the scenic highway between Silver City and Cliff on the Mogollon road.

The Tigers chopped down their day's work to two hours and from now on will do only the minimum amount of exercise that will insure condition. They leave here Saturday at 11 a.m. and the following day will play Taft.

The Angels also will taper off their training. They have an exhibition game at Taft.

Spring training is nearing completion and the two southern teams will gradually knock off their work from now on.

This will be satisfactory to the athletes, who have been put through a severe grind for the past five weeks.

Both clubs are in much better shape than they were at this time a year ago.

The veterans have had time in which to round into shape gradually, while old and young have been provisionally spared serious injury.

Even Pete Standridge doesn't have a ball to his name. This time last season Pete was cultivating one of the largest spring crops of bolts ever witnessed in this productive section.

Barring mishaps, both clubs should start the season in good shape, and with a bang. Chance and Sovaill figure to have at least four pitchers apiece in fine shape to face the batter.

Stovall seems to be banking on Johnson, Quinn, Decaniers and Fromme to carry the Tigers through the first two or three weeks.

The Chief is in such prime condition that the Firebrand will use him twice in the first series.

Ryan, Crandall, Standridge and Brown appear to be the fingers whom Chance is grooming for the early heavy work.

Some of the others were a trifle late in reporting, or are naturally a trifle slow rounding into shape.

Maxwell on "National Service" was something like a lot of dynamite at the Federation Women's Club convention at Santa Monica yesterday.

With several hundred women, mostly quite emphatic that they had not raised their sons to be soldiers, and still more where the ardent advocates of peace, prosperity and plenty, it was a noisy shock to hear George H. Maxwell hurl this bit of information at them.

"Are you aware that there has come a curt request from Washington that the Los Angeles Base Hospital be ready for use by next Saturday?"

They were not aware of any such thing. And they didn't like it at all, especially following the assertion that "All peace movements have failed." And the reason why they have failed is just because the peace protagonists believe in doing nothing except to wait.

"You women don't know what we are up against," said the speaker. "The hands of all living nations are slipping into the hands of the Japanese, who are absorbing our agriculture on the Pacific Coast. We don't want to work, we only want to draw the profits and live easy. The Asiatic menace, by way of the ocean, is very real. It is far easier to accomplish any invasion across the desert."

After the Civil War we had a strong military nation, but since the white wings of peace spread over the years, our military machinery has crumbled.

"We don't want universal training," said the speaker, and he was greeted with loud applause. "No," he added grimly, "never in the world on the Pacific Coast. Besides, when we need the defense, we shall need it within ninety days."

That was an uncomfortable thought. Conservation had been the keynote of the preceding year. "No," he added grimly, "never in the world on the Pacific Coast. Besides, when we need the defense, we shall need it within ninety days."

with eager concern, and other clubs promptly followed suit. She must have culled several hundred dollars. All the same, some inquisitive minds wanted to know what had become of the \$2000 raised and put out to interest, which was evidently talking through for the morning, against all biblical admonitions.

Mrs. A. S. C. Forbes, who tried to stir up sentimental regard for old landmarks, in an endeavor to call support for the \$25,000 for restoration of the California ranch, where Fremont and Pico signed peace documents with Mexico, had a lukewarm response. One factionist last whispered that the \$25,000 would be better spent upon a bath-house at the Plank. However, 3000 women are said to have endorsed this State appropriation. One suspected Dr. Peters of coveting it for babies.

ELECTION RESULTS TODAY.

The result of the elections for district officers will be known today. Voting went on fairly yesterday. A few candidates popped up, in the person of Mrs. Kimball of Owensmouth, for president; but she was a little unfortunate in her sponsor and electioneer.

Mrs. W. C. Mushet, who, with Mrs. Herbert Cable, one of the popular candidates for the presidency, had the task of complimenting the various chairmen of State boards, which she did very tactfully. Other speakers discussed upon the conservation of forests, waters, bird life and upon the county farm.

Parted Ways.

Woman Prefers Her Liberty to Caring for the Lad and Judge Gives Husband Divorce Decree on the Grounds of Desertion.

When it came to a parting of the ways, Mrs. Sarah I. Dunham preferred her liberty to being the stepmother of her husband's 17-year-old son. Shortly after they were married, Frank A. Dunham, the husband, testified in his divorce suit before Judge Hewitt yesterday, Mrs. Dunham wanted him to send the boy to school. She said she did not want him around the house.

The boy lingered, however, and then Mrs. Dunham, according to the husband, began a studied course of cruelty toward the lad. She made him wash the dishes, do the laundry on one occasion and when she found it out she stuffed red pepper in his mouth and tied a cloth over it. The lad's mouth was badly burned.

If he did not wash the dishes to suit her she compelled him to do the whole lot three times, said Mrs. Dunham. Finally she told her husband he could take his choice between her and his boy and she was tired of the responsibility. Mrs. Dunham replied, he said, that he did not invite her to go, but the boy was his flesh and blood and she could suit herself. She left. The decree was granted.

Final Rest.

SEPULTURE HERE.

Body of Ethel Stanton, One of the Victims in the Recent Portsmouth Cafe Tragedy, Will Be Brought to Los Angeles for Burial.

Word was received from Cincinnati last night that J. L. Stanton, city passenger agent of the Rock Island system in Los Angeles, has decided to convey the remains of his only daughter, Ethel Stanton, to this city. Miss Stanton and her close friend, Margaret Spalding, ended their lives simultaneously a week ago in Portsmouth, N. H. cafe. Mr. Stanton left his post in this city after receiving word of the tragedy and proceeded to Cincinnati, where C. H. Malabar, his attorney, had conveyed his daughter's body. It was at first thought that the remains would be placed in the East, but the father at the last moment decided to bury his child in this city. The funeral will be held at West within the next few days.

OLD RESIDENT DEAD.

William H. Cary had lived in City for Fifty Years.

After spending fifty years in this city, William H. Cary, aged 83 years, contractor and builder, died yesterday at No. 2535 Temple street. He leaves a widow, two sisters and four children as follows: Misses M. E. Cary, Florence Cary, Louise Cary and Mrs. James Brown of Imperial Valley. The funeral will be under the direction of W. A. Brown, and Rev. William Harsenate of the West End Congregational Church will officiate. This church was organized and the first meetings held in Mr. Cary's home. Later, as the congregation prospered and grew, it erected a building.

HIS LAST SLEEP.

Funeral of Retired Realty Dealer Will Occur Today.

Henry Wilder, retired real estate dealer and native of Nottingham, Eng., passed away yesterday at his home, No. 930 Mariposa avenue.

Mrs. Wilder had been a resident of Los Angeles twenty-four years and was survived by the widow, Mrs. Jennie E. Wilder, one daughter and a son, Mrs. J. C. Bannister and Otto G. Wilder. Funeral services will be held at Pierce Brothers', No. 810 South Flower street, this afternoon at 3 o'clock.

THREE INJURED.

Jack Henderson of No. 1133 Logan street received a fractured skull and severe lacerations of the face and scalp when a scaffold collapsed yesterday at a motion-picture plant. He was treated at the Receiving Hospital and afterward removed to the Good Samaritan Hospital. George Gray and Elton Gulverson were also given emergency treatment for minor bruises and abrasions and afterward returned to their work. The three men fell fifteen feet to the ground.

A Family Necessity.

Every family should be provided with Chamberlain's Pain Balm at all times. Sprains may be cured in much less time when promptly treated. Lame back, lame shoulder, pains in the side and chest and rheumatic aches and twinges of the limbs for which it is especially valuable. Try this liniment and become acquainted with its uses and you will never wish to be without it. (Advertisement.)

## The Public Service.

At the City Hall.

PLAN DISCUSSION OF MINOR ORDINANCE.

COUNCIL TO HEAR ARGUMENTS AT SPECIAL MEETING.

Advocates of Measure Declare that Children of Tender Years are Permitted to Go Unaccompanied to the Movies.—Both Sides will Address Solons.

Whether an ordinance shall be adopted to forbid minors under the age of 14 years to attend moving picture shows and other places of amusement unless accompanied by parent, guardian or other qualified person, will be definitely settled next Friday when the Public Welfare Committee will hear arguments for and against the measure.

The matter was referred to the committee yesterday by the Council. Since the ordinance was first brought up in the Council several months ago, it has been the subject of considerable agitation against it and while the proposed measure will have some ardent supporters, the hearing it is understood that the opposition will be equally active.

It is charged by those favoring the ordinance that children of tender age unaccompanied by older persons are now permitted to attend public places of amusement and the moral effect upon them is to their detriment.

Keep "White Wings" Working.

Councilman Wheeler yesterday declared that unless the Council transfer \$1500 from the general fund to the street department a great many of the "White Wings" would be thrown out of work. He said there is plenty of work to be done, but the finances of the street department have fallen very low.

As a result the transfer was ordered.

Petition Successful.

The City Clerk reported to the Council yesterday that the petition asking for the annexation of Hanover Hill was filed by the northern boundary of the city, is signed by more than one-fourth of the qualified electors in that territory and is therefore sufficient.

Spur Tracks for Railways.

The collection of the Pacific Electric Railway Company for permission to lay a spur track across Compton avenue at Washington street yesterday by the Council, but consideration of a similar application filed by the Industrial Terminal Railway Company for permission to lay a spur track in the vicinity of Macy and Lyon streets was continued for a week.

City Hall Notes.

The protest against the condemnation of land at the corner of La Brea avenue and Hollywood boulevard for park purposes was sustained yesterday by the Council.

It will cost you nothing to have your dead dog removed to the incinerator in the future. The Council yesterday instructed the city engineer to prepare an ordinance eliminating the fee of \$1.25, formerly charged for carting expired canines to the furnace.

The Council yesterday instructed the purchasing agent to buy a flag for the Council chamber, advising the Finance Committee as to its cost.

Police Judge Frederickson yesterday informed the Council that he had appointed W. W. Stockwell clerk of department No. 3, his term of office to be four years.

Mrs. Julia Bracken Wendt, the sculptress, was yesterday appointed by Mayor Woodman to fill a vacancy on the Municipal Art Commission. The Council immediately confirmed the appointment.

Declaring that the proposed merger of the Home and Pacific telephone exchanges would cost the city approximately \$16,000,000, Dr. A. D. Houghton, candidate for the Council, yesterday filed a protest with the Council against its consummation. He asked that the City Attorney be directed to take the matter up with the Department of Justice with the view of having it deny the petition of the companies for permission to effect the merger.

At the Courthouse.

VON DER LOHE CASE FINALLY SETTLED.

HE GETS DIVORCE; SHE GETS PROPERTY DIVISION.

Judge's Order Writes Period to Suit in Which Former Husband and Former Wife Both Figured. She Claimed Body of Dead Son was Moved Without Her Consent.

J. H. von der Lohe, superintendent of Rosedale cemetery, was granted a divorce from Phoebe von der Lohe by Judge Wood yesterday.

What promised to be a sensational case was tried without any excitement, as Mrs. von der Lohe, although present in court, did not contest the action. It was announced that a property settlement had been made.

Mr. Von der Lohe charged cruelty, and it developed, when the case was partially tried last October, that the couple quarreled mostly over Mrs. Von der Lohe's former husband and the former Mrs. Von der Lohe. The husband alleged that his spouse had made derogatory remarks concerning her former wife, while she sued him for damages for having removed the remains of her former husband from one grave to another without her consent. He contended that she consented to the removal and Mrs. Von der Lohe lost her suit.

It developed in the divorce trial yesterday that Mrs. Von der Lohe did not get along very well with a grown stepdaughter.

TWICE LOSERS.

NOT TAXPAYERS.

taxpayers and therefore had no capacity to maintain the action or any rights recognized by the law.

The buses are intended to carry pupils to and from school. Each bidder furnished his own specifications and the trustees liked the Moreland's best. It would seem, although the Moreland people were not the lowest bidders. The trustees bought two buses for \$2422.55 each. Each bus will accommodate thirty-six pupils and is especially arranged with receptacles for athletic implements.

SHE WINS AGAIN.

ALL IN THE FAMILY.

A pot of boiling coffee as a weapon of defense figured in the divorce suit of Mrs. Helen E. McAlone against John A. McAlone, which was tried by Judge Wood yesterday.

She testified that her husband, who was formerly in charge of the State fish hatchery at Independence, struck at her, but the fact remains that she turned against him tomorrow when the jury reconvenes. It is said that the youth made a detailed statement of his peccadilloes.

Officials of the Bank of Italy were present in court yesterday when they were completing the investigation of books handled by the clever young embezzler, and that the sum of money taken by him might reach a trifling over \$40,000, instead of \$35,000, as first announced.

The plan of the indictment proceeding is to hasten the trial of the youth and avoid the necessity for the preliminary hearing.

Thunder Tones of the Liberty-loving Past.

COVINA, March 28.—[To the Editor of The Times:] Why not? History tells us that when the new-born liberties of the Anglo-Saxon race were in peril from the great Spanish armada the efficiency of the nation's defense was completed by the enterprise of the gentlemen adventurers of England. When "O'Connell and the summons flew" from every port, from every tiny fishing hamlet, men came forth to the fight in vessels fitted out at their own charges, and the value of their work during the fateful days that followed the world knows.

In 1914 the call came again to their sons, and again—this time in their fight against the submarines—England found what it was to have.

DEFAULTER'S TALE.

Confessed Bank Looter Makes Statement to Grand Jury.

Amel Boretz, confessed bank defaulter, told his story to the grand jury yesterday afternoon, and as a result an indictment may be returned against him tomorrow when the jury reconvenes. It is said that the youth made a detailed statement of his peccadilloes.

Officials of the Bank of Italy were present in court yesterday when they were completing the investigation of books handled by the clever young embezzler, and that the sum of money taken by him might reach a trifling over \$40,000, instead of \$35,000, as first announced.

The plan of the indictment proceeding is to hasten the trial of the youth and avoid the necessity for the preliminary hearing.

LETTERS TO "THE TIMES."

The Times is a very clear, bright, readable and popular. It is a very good paper and it is a very good paper.
